NEWS SERVICE

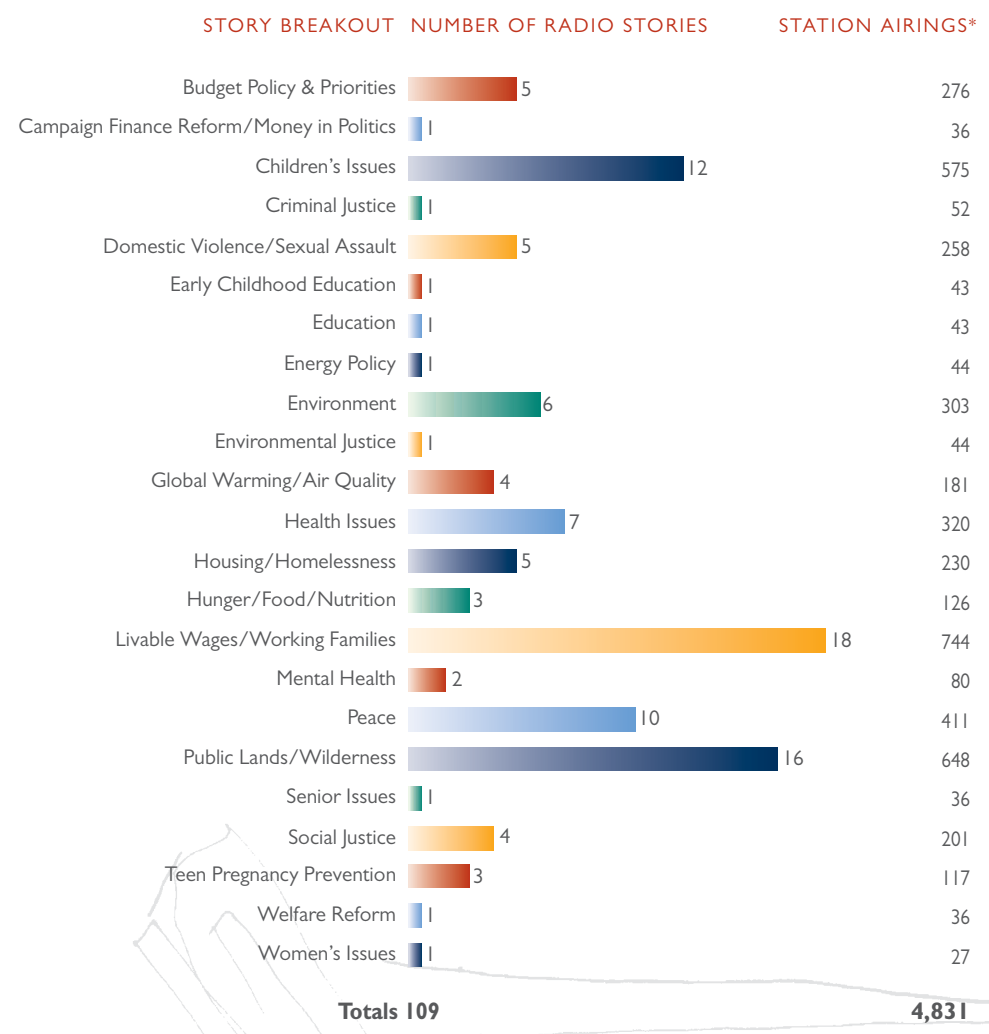

(June–December)
2007 annual report

“Applies well to our audience...Topics are timely...Accurate and easy to use...Good range, could use more.”

West Virginia Broadcasters

“The West Virginia News service just started in 2007 and it has already proven to be a great resource. It’s fast and easy and gets solid news coverage for public interests issues on commercial radio stations all over any given state — an audience that would be impossible to reach any other way. If you haven’t got a Public News Service going in your state, there’s no better time than now.”

Rick Wilson
American Friends
Service Committee

Launched in June, 2007, the West Virginia News Service produced 109 radio and online news stories, which aired more than 4,831 times on 116 radio stations in West Virginia and 444 nationwide.

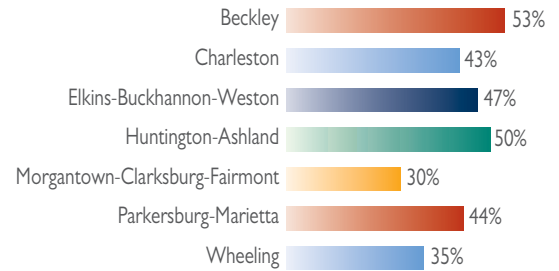

* Represents the minimum number of times stories were aired.
